12 of 12 review helpful Well worth the wait By LadyLJ57 I have been patiently waiting for this book the release date just squeezing into summer It was worth the wait The writing is excellent One suggestion for other readers I think the book will make more sense if you read the first book right before you read this sequel The only area that I believe Mr Hopf could have improved on is the backstory f The End was just the beginning of the new world hellip Only six weeks have passed since a super EMP attack devastated the United States but already life has changed dramatically Most of America has become nbsp a wasteland filled with starving bands of people mobs and gangs Millions are dead and millions more are suffering with no end in sight For Gordon Samantha Sebastian Cruz and Barone the turmoil and chaos they dealt with in the early wee Praise for the New World series lquo Hopf excels in his storytelling Its authenticity makes it not only compelling but thought provoking as well rdquo mdash David Miller nbsp The Herald Dispatch nbsp Huntington West Virginia nbsp l
