1 of 1 review helpful Narrative art at its best By Charles Moses I must begin by confessing that I am a huge fan of Furst I read everything he writes Why In part it is the time period and In part it is because I have lived and or travelled in all of the places that figure so highly in his detailed sense of place And it is the sense of place that attracts me the most in all fiction Furst recreates the tension cruelty September 1939 As Warsaw falls to Hitler rsquo s Wehrmacht Captain Alexander de Milja is recruited by the intelligence service of the Polish underground His mission to transport the national gold reserve to safety hidden on a refugee train to Bucharest Then in the back alleys and black market bistros of Paris in the tenements of Warsaw with partizan guerrillas in the frozen forests of the Ukraine and at Calais Harbor during an attack by British bombers de Milj From Publishers Weekly With clear reticent prose and his trademark mastery of historical detail Furst Shadow Trade Night Soldiers brings vividly to life this WWII era tale of espionage and bravery chronicling the work of the Polish underground in Poland F
