3 of 3 review helpful Good vs Evil By Mark Evans I thought The Book of the Dunn Cow was a children's book it is not I wouldn't recommend the book for children I think it may be acceptable for teenagers but with caution There are a series of adult rated events and it includes vivid violence There are no humans in the story animals only The book is written well excellent storyline and character developm This sequel to the award winning The Book of the Dun Cow stands on its own as a powerful work of literature In this absorbing highly original fantasy Chauntecleer Pertelote and the other familiar characters of the Coop struggle to piece together their shattered lives in the aftermath of the terrible conflict with the dreaded Wyrn But their respite is short lived Into this struggling community Wyrn again insinuates himself with dire consequences for all The reaper From the Author Walter Wangerin Jr first came to prominence as the award winning author of The Book of the Dun Cow He has since won many other awards and honors for his books including the best selling Book of God Wangerin holds the Jochum Chair at Valparais
