5 of 5 review helpful Thank you Thank you Thank you By Susank I was so happy to see the Kent Family Chronicles or better known as the Bicentennial Series in the 1970s on Kindle I absolutely loved this series and remember reading it when it first came out I couldn't wait for the next book to be released Now that my eyes aren't as good as they used to be I am not able to read the tiny words on the book I haven't praised by Patricia Cornwell as "the best historical novelist of our time" John Jakes began his bestselling career with this vibrant novel of romance and adventure The Bastard begins the enduring eight volume saga of the Kent family and their participation in the events that shaped a nation hellip nbsp The illegitimate son of the Duke of Kentland Phillippe Charboneau has been denied his birthright by his father's family So h From Library Journal The beginnings of the American Revolution provide the backdrop and action for this first part of Jakes's Kent Family Chronicles Listeners will follow the saga of Phillippe Charboneau illegitimate son of an English nobleman Phillippe trave
