2 of 2 review helpful Great Book But now Outdated By joel I bought this book way back in 2006 right before I went to Marine Corps Recruit Depot Parris Island I simply wanted a look into what to expect because the only people I could ask where my recruiters and they basically said anything they wanted at that time to get me to stay committed to an enlistment At the time it was a great resource for people wanting to beco This book describes the 54 hour exercise in which recruits are put through a series of taxing challenges whilst being denied sufficient food or sleep Woulfe compares this training exercise with other schemes in other branches of service About the Author He is currently a captain assigned to Marine Corps Recruit Depot MCRD San Diego
