1 of 1 review helpful Great Book By Eric C Petersen Clearly written and presents a perspective lacking in other books on events from D Day on I ll not repeat the subject of the book here that s well covered by others but the failure of the US military to recognized the impending threat from Tiger and Panthers seems inexcusable The first Tigers were put in action by Hitler against the advice by his military to aid ldquo Cooper saw more of the war than most junior officers and he writes about it better than almost anyone His stories are vivid enlightening full of life mdash and of pain sorrow horror and triumph rdquo mdash STEPHEN E AMBROSE From his Foreword ldquo In a down to earth style Death Traps tells the compelling story of one man rsquo s assignment to the famous 3rd Armored Division that spearheaded the American advance from From Publishers Weekly Without a doubt this is one of the finest WWII memoirs ever written by an American junior officer Lieutenant Cooper served with the 3rd Armored Division s Maintenance Battalion and saw action from Normandy to Germany in 1944 1945 One of
