1 of 1 review helpful Very engaging story By Don If you are watching The Last Kingdom on Netflix this fills in a lot of what is not included in the series Cromwell is a very good storyteller and I look forward to the next book in the series 0 of 0 review helpful Delicious tale of power struggles between the Saxons and the Danes in Alfred the Great's time By critical co It is the summer of 1812 and Richard Sharpe newly recovered from the wound he received in the fighting at Salamanca is given an easy duty to guard a Commissary Officer posted to an obscure Spanish fort where there are some captured French muskets to repair But unknown to the British the French are planning a lightning raid across the River Tormes and they reckon the obscure Spanish fort which guards an ancient bridge across the river will be lightly guarded Sharpe About the Author Bernard Cornwell is the author of the best selling Richard Sharpe series the Starbuck Chronicles the Warlord Trilogy and the Grail Quest Series Born in London he now lives and writes on Cape Cod
