6 of 6 review helpful Imaginative and Well Written By Sarah Age Appropriate For 13 and up for romance mildly scary scenes and mild violence Best for Ages 13 18 I have to say I didn't have high expectations for this book but I came away very impressed This wasn't one of those books that I picked up because of the cool concept read it and then wished the author had spent more time developing Escaping from the turmoil of her home fifteen year old Posy finds herself at her usual haunt the library When she chooses an unfamiliar book from the shelf she does not devour its words as she usually does Its words devour her Posy is pulled into the pages of a fairy tale in turmoil Characters whisper of rebellion against their Plot And Posy must find a lost princess whose role in the story is crucial This book was spectacular I recommend it without a single reservation to anyone who likes fantasy nbsp Nadine Brandes author of A Time to Die
