0 of 0 review helpful Better than Hornblower By Rhino I ve read all 21 volumes of this series This whole series is excellent well written nautically and and historically excellent I think it is better than the Hornblower books I read one that was recommended to me and immediately found an error in one of the battle maneuvers You will want to get a copy of A Sea of Words which is essentially an illustrated dicti Soon after taking part in the dramatic capture of Martinique in the Caribbean Vice Admiral Sir Richard Bolitho is next despatched to the African coast to gather a flotilla and stop French attacks on British trade routes But Bolitho must contend with more than Britain s old enemy he must also face the hatred of his flag captain and betrayal by a man he once counted on as his friend
