By David Poyer : The Towers: A Dan Lenson Novel of 9/11 (Dan Lenson Novels) The Towers: A Dan Lenson Novel of 9/11 (Dan Lenson Novels):

0 of 0 review helpful Less enjoyable than most of the Lenson series By Roger J Buffington I am a big fan of the Dan Lenson series and I have rated most of the books in the series at either 4 or 5 stars This one was a disappointment Candidly this novel is only nominally a Dan Lenson novel It has a few chapters about him but most of it deals with America s initial attacks into Afghanistan to kill or capture Usama Bin One fateful day the worst attack on American soil brings out the very best in our nation s heroes in this powerful thriller from bestselling author David Poyer On the morning of September 11th 2001 Commander Dan Lenson is visiting the Pentagon while his wife is at a job interview at the World Trade Center In the terrifying moments that follow their lives are changed forever Our nation is under siege And as the whole world watches t ldquo An involving skillfully told tale of the after emotions of 9 11 and the internal conflicts experienced by U S personnel in the hunt for bin Laden rdquo Kirkus s From the Back Cover One fateful day
