0 of 0 review helpful It s OK but By John The premise of the story was interesting enough however many of the events during this LRRP patrol would never have taken place For instance LRRP troops communicate with hand signals and members would never ask for a roll call twice or call out to other team members during a patrol especially when surrounded by the enemy in Laos Ten team members also seems extreme duri In this tense riveting mind game New York Times bestselling novelist Nelson DeMille delivers a suspenseful short story in the tradition of his classic military novels The General s Daughter and Word of Honor A band of soldiers in its last month of service in Vietnam goes out on a patrol through enemy territory only to find a female Viet Cong sniper in its path Recounting the mission in shattering and sometimes gruesome detail DeMille creates a concise masterpiece of ldquo Scott Brick rsquo s rich voiced gruff narration meshes perfectly with the grim war setting A riveting must listen rdquo nbsp nbsp nbsp nbsp nbsp nbsp mdash AudioFile
